Legal Requirements: This short report was written to show the potential and possibilities that are available within this industry to those that truly "Get It". Nothing more and nothing less. As in life there are no guarantees and should anyone decide to implement this Extremely Simple Process their results may be better or worse than the examples provided herein. Any income examples are just that, examples.

This extremely short report reveals a 100% duplicatable system that anyone can use to make...

- Powerful Now Income
- Huge Lifetime Residual Income

We have finally broken the code for Extremely Easy, Life Altering, Monthly Residual Income.

After you read this report you will find that this system is so SIMPLE that **anyone** can understand it and more importantly it is so SIMPLE that **everyone** can and will be able to easily duplicate the results. (If they are willing to follow the 3 Simple Steps To Extreme Success)

3 SIMPLE STEPS TO EXTREME SUCCESS

1. Read This Report.
2. Join Our Team
3. Give Away Copies of This Report.

It doesn't get any easier than this.

4 Critical Things Needed for Extreme Success

1. An extremely SIMPLE system.
2. A Proven, Successful Company.
3. A SIMPLE consumable product that everyone Likes, Understands and Wants.
4. A Powerful pay plan that allows for a strong NOW income while building a Life-Altering Lifetime Residual Income.

An Extremely SIMPLE System – (hint-- You Are Reading It Now)

When you have a simple system that anyone can follow then team duplication happens naturally. Most systems are so complicated that most people don't know where to start.

- Which sizzle calls do I send people to?
- Which website do I send people to?
- Which conference call do I send people to?
- Which webinar do I send people to?

I'm sure you get the point.

With our extremely simple system the answer is simply to send everyone a copy of this short report. Nothing more.

It just doesn't get any easier than that.

And... If you are wondering exactly who do you send your report to... well, we take care of that also.

Every member of our team who needs it, is provided with advice and strategies on how to get your copy of this report out to as many people as possible. - Your success is our success!

We really do keep it simple!

Look at the potential of this short report.

Lets assume that ONLY 1 out of 100 people who read your short report joins your business with you. That means that if every member of your team were to get just 100 people per month to read their report that your team (and your check) could potentially double every single month.

A Proven Successful Company

The second critical aspect needed for Extreme Success is a proven, successful company. Anyone who has ever been a part of a “start-up” company that all of the sudden closed (like 9 out of 10 start-ups do) already knows this fact.

There truly is nothing worse than working your tail off for months on end to finally achieve some sort of success, just to have the company “pull the rug” out from under you.

The company our team has chosen to partner up with is over 6 years old and is 100% debt free.

They have already done over \$200 Million in sales and have paid out over \$100 Million in commissions!

By the way... our team has earned in excess of \$54 Million of the \$100 Million that has already been paid out. In fact, one of our team leaders is the #2 income earner in the entire company!

The name of the company is Waiora and they are based out of Boca Raton, Florida. The company has a strong line of products that people actually enjoy and more importantly order on a monthly basis. In fact they have sold over 3 million bottles of one of their products.

But like I said earlier. One of the keys to our team's success is keeping everything simple. So our team focuses on only two products. The first is called NCD and the second is called Chava Vital Chocolate, a product that many consider to be the perfect product!

**A Simple, Consumable, Product That Everyone Actually Likes,
Understands, and Wants!**

The third critical aspect needed for Extreme Success is a consumable product that people actually want.

---> ***Our Two Products are EXACTLY that!*** <---

Our primary product is unique. It can't be found over the counter and the very few “copy-cat” products that are for sale are NOT clinically proven to work like ours is.

NCD or Natural Cellular Defense is a liquid supplement that is clinically proven to naturally remove toxins and heavy metals from our bodies. By removing these toxins and heavy metals, we allow our bodies to work the way nature intended. This allows our bodies to work at keeping us healthy instead of working overtime at removing these toxins and heavy metals that we are consuming and breathing on a daily basis.

The second product is Chava Vital Chocolate. It is the world's healthiest chocolate and actually contains NCD in it.

Why is chocolate so perfect a product to promote? Because...

- 9 out of 10 people like it.
- 5 out of 10 people say they can't live without it.
- 1 Billion People Worldwide consume it every 24 hours.

Our version has been proven by a private third party lab to be the healthiest chocolate in the world. That is why we call it ***Chava Vital Chocolate.***

Can you imagine how easy it would be to ask **anyone**, even a complete stranger, a question KNOWING that 9 out of 10 people you ask are going to say YES?

**** Do You Like Chocolate? ****

What a simple question!

Almost everyone....

- Likes Chocolate
- Understands Chocolate
- Wants Chocolate

And once they see for themselves how simple it is to make a huge monthly, residual income by simply eating and sharing chocolate... People Get Excited!

A Powerful pay plan that allows for a strong NOW income while building a Life-Altering, Lifetime Residual Income.

The final critical component needed for extreme success in this industry is a powerful pay plan that allows for a strong NOW income while simultaneously building a Life-Altering, Lifetime Residual Income.

So let me ask you two SIMPLE (there's that word again) questions.

Would an extra \$500 to \$1500 or more per month in immediate income make a difference in your lifestyle?

How about building up to a \$20,000, \$30,000, \$40,000 or more monthly residual income stream within the next 9 to 12 months? These numbers are not only realistic, but many of our team members are already accomplishing them.

And you could too... just follow our simple system and NEVER give up!

Several of our team members have been in this industry for decades, and each of them agree that Waiora's pay structure is one of the fairest in the industry. In fact, one pay plan expert said it is the BEST he has ever seen.

Here is an example of exactly how powerful Waiora's pay plan is. Now this is a perfect world example so probably would never happen exactly like this. However, you would just need a small percentage of “perfect” to hit the numbers mentioned above.

Also, this example shows ONLY the residual portion of the pay plan and does not include the *immediate* income and bonuses that are paid out.

For this example I am going to assume that everyone on your team is on a 100 point auto ship. That is the minimum monthly order needed to qualify to get paid.

Level 1: pays 5%	2 x 100 =	200 x 5% = \$	10
Level 2: pays 5%	4 x 100 =	400 x 5% = \$	20
Level 3: pays 5%	8 x 100 =	800 x 5% = \$	40
Level 4: pays 6%	16 x 100 =	1600 x 6% = \$	96
Level 5: pays 6%	32 x 100 =	3200 x 6% = \$	192
Level 6: pays 6%	64 x 100 =	6400 x 6% = \$	384
Level 7: pays 6%	128 x 100 =	12800 x 6% = \$	768
Level 8: pays 6%	256 x 100 =	25600 x 6% = \$	1,536
Level 9: pays 6%	512 x 100 =	51200 x 6% = \$	3,072
Level 10: pays 6%	1024 x 100 =	102400 x 6% = \$	6,144
Level 11: pays 6%	2048 x 100 =	204800 x 6% = \$	<u>12,288</u>
			\$ 24,550

\$24,550 per month in residual income is the equivalent of having over \$4.5 Million in the bank earning 5% annually (good luck with that). These numbers **DO NOT** include up front fast start income or monthly bonuses and incentives. This is only what you could earn on the residual portion of Waiora's extremely powerful compensation plan.

As the chart clearly shows, if you find only 2 team members, who each find only 2 team members, and this happens just 11 times, your potential income if everyone purchases only 1 box NCD or 1 box of chava per month would be over \$24,500 per month.

How fast could this happen? What if everyone took a full month to find their 2? In a perfect world you would be earning \$24,500 per month within 11 months!

Now I understand that not everyone will get 2. But consider this. If your team achieved just 50% of perfect then your income would be over \$12,000 per month.

At 25% of perfect you would be well over \$6,000 per month, which is like having over \$1.2 Million in the bank at 5% interest. And YES... we have team members making those amounts and more.

Don't forget... Every single one of our team members gets exact, proven, step-by-step instructions on how to get thousands of people reading their version of this report.

So it really is possible for everyone to find 2 people who like NCD and/or chocolate and that want to make a huge residual income with this simple business by simply giving away copies of this report.

Getting Started

Now that you have seen how powerful our simple approach is and you have decided that Waiora is a company that you can be proud to be associated with it is time to get started.

We look forward to welcoming you to the team!

Here is How To Get Started. (If you have any questions during this process contact the person who gave you this report. Their contact information is at the end of this report)

1. Go to www.LifeTimeResidual.com or www.ChavaPro.com and click on the join link. Scroll down to the bottom of the page and click on the “Click Here To Continue” button. Note: If you are from outside the U.S. you will need to select your country of residence first.
2. Choose the level you want to join at. Each level includes a \$30 distributor kit. Note: If you reside in a country that is not yet getting Chava shipped to you then you should pick NCD.

Good: **Basic Distributor:** 1 or 2 boxes of NCD or Chava (about \$175 to \$300 including tax, shipping, and distributor kit)

Better: **Pace Setter:** 6 boxes of NCD or Chava (about \$700 including tax, shipping and distributor kit)

Best: **Premier:** 14 boxes of NCD or Chava (about \$1600 including tax, shipping and distributor kit)

3. Set up your monthly auto ship of product. If you are on auto ship you will save \$5 per box.

If you can afford the Premier level, then don't hesitate to join at that level. It will allow you to earn more... faster.

The Premier package gives you more product to consume and sample out to people. In addition it maxes out the compensation plan. For example if you join as a Premier and you sign up another Premier you would earn about \$450 in up front bonus money. But if you are not a Premier yourself and you bring in a Premier then your immediate income is only around \$100. For this reason alone almost 80% of the people on our team join as a Premier.

Choose the highest level you can afford and get started. It truly doesn't matter where you start as long as you DO start. The biggest mistake would be to not get started at all!

If you have any questions about what level would be best for you to start at or any other questions or concerns just contact the person who gave you this report.

Thanks,
